ENVIRONMENTAL MODIFICATIONS

People Inc. is dedicated to assisting people with developmental disabilities and special needs to live as independently as possible. The Community Based Services Department at People Inc. possesses extensive experience in obtaining Assistive Technology funding and continuously delivers the highest level of expertise. People Inc. has established a network of the industry's foremost experts to assist you in increasing your independence and safety. People who have chosen People Inc. as their EMOD, Ad. Tech and V. Tech advocate have experienced substantial gains in safety, independence and personal success. Ask your care coordinator to call or email today for a personalized informational session and consultation.

ASSISTIVE TECHNOLOGY

Environmental Modifications (EMODS): Changes to your home or apartment that will increase accessibility and safety.
