

## Try the **NEW Environmental Modifications** online application!

**Applying for People Inc. EMods is easy!**

**Go to [people-inc.org/emods](http://people-inc.org/emods) (click on "this fillable pdf")**

- **Complete an application in minutes rather than hours**
- **No going to the office to print**
- **No physical signatures required**

Simply open the file using Internet Explorer. If you don't use Internet Explorer, download the application and open it with Adobe Acrobat. Fill out the required sections and submit to your supervisor for approval.

The application packet will link the person we support with a Project Manager and an In-home Clinician consultation to review accessibility conditions.

We will also coordinate with an architect when needed to meet program and local requirements.

**To learn more details about the program:**

Contact Anthony Rushford, project director, at [arushford@people-inc.org](mailto:arushford@people-inc.org).

**Buffalo and the Southern Tier:** Call 716.880.3815.

**Greater Rochester and Finger Lakes regions:** Call 585.719.3417
